Who uses what

Dashboard	Who	What it does for NBA
Faculty /dashboards/faculty.html	Faculty	Adds the raw data: own course outcomes and marks (C3), qualifications, publications, patents, projects, training (C5, C6) and uploads evidence files.
HOD /dashboards/hod.html	HOD	Approves faculty and submissions, assigns subjects, types reviewer scores, runs Evaluate, sees gaps and assigns corrective actions.
Admin /dashboards/admin.html	Admin	Approves users, backups, audit log, whole-institution view. Can do everything the HOD can.
Criterion 3 to 6 pages /dashboards/c3.html to c6.html	HOD, Admin (Faculty can view and upload)	Where each criterion is checked: requirement list, marks, Evaluate, Inputs, evidence.
Virtual Inspection /dashboards/inspection.html	HOD, Admin	Checks all four criteria together and gives one readiness score.

Type reviewer scores (Inputs)	No	Yes	Yes
Evaluate a criterion	No	Yes	Yes
